

Environmental Policy Statement

Coretech Electrical Services Limited is committed to providing our clients with a first class Electrical Installation and service to the commercial and industrial sectors. These same principles are maintained in delivering new build installations for construction companies throughout the United Kingdom.

Protection of the environment in which we live and operate is part of Coretech Electrical Service's values and principles and we consider it to be sound business practice. Care for the environment is one of our key responsibilities and an important part of the way in which we do business.

In this policy statement we commit our company to

- Complying with all relevant environmental legislation, regulations and approved codes of practice.
- Protecting the environment by striving to prevent and minimize our contribution to pollution of land, air and water.
- Seeking to keep wastage to a minimum and maximize the efficient use of materials and resources.
- Managing and disposing of all waste in a responsible manner
- Providing training for our staff so that we all work in accordance with this policy and within an environmentally aware culture.
- Regularly communicating our environmental performance to our employees and other significant stakeholders.
- Developing our management processes to ensure that environmental factors are considered during planning and implementation.
